To upload, go to [www.greenbugenergy.com/assess-my-site/](http://www.greenbugenergy.com/assess-my-site/) and follow the instructions.

✓ **Provide the following documents:**

- Copy of recent electricity bill from your local distribution company. (used to assess net metering opportunity)
- Copy of recent property tax bill. (used for location research)
- Sketch of site showing location of dam, nearby buildings and power lines and access to the property. (used to assess placement and connection feasibility)
- Pictures/videos of site and dam (highly recommended).

✓ **Provide the following information about the dam**

1. What is the physical address of the dam site: \_\_\_\_\_  
\_\_\_\_\_
2. GPS co-ordinates of the dam site (if known): \_\_\_\_\_
3. Is this a former mill site? \_\_\_\_\_  
If yes, what is the name of the Mill? \_\_\_\_\_
4. What is the name of the Conservation Authority in your area: \_\_\_\_\_  
\_\_\_\_\_
5. Are you aware of any water flow monitoring stations on your watercourse? \_\_\_\_\_  
If yes, please indicate approximate distance from your site: \_\_\_\_\_
2. The dam is on the \_\_\_\_\_ watercourse (name of watercourse).
3. The height of the dam is \_\_\_\_\_ meters (from lower water level to dam crest that water is falling over).
4. The width of the dam is \_\_\_\_\_ meters (width of the section that water is falling over)
5. The height of the water coming over the dam is \_\_\_\_\_ centimeters (from dam crest to top of water)
6. The date measurements were taken (i.e. month, day, year) \_\_\_\_\_.

I confirm I am the registered owner of the above property and the owner of the dam currently existing on the property.
